

Dec. 30, 2008

Dear Dr. Guillory:

Thank you for speaking to employees of the Bonfils Blood Center at our annual health fair in October. Your presentation, "Ten Steps to Better Health," was very well received by all of the employees who were able to attend. We definitely would recommend the presentation to other employer groups that wish to help improve the health and wellness of their employees.

We hope to invite you back to the blood center in the future, so that more of our employees can hear the presentation and ask questions about health-related concerns. Meanwhile, we have posted a recording of the presentation on our intranet. Thank you for helping us help our employees.

Sincerely,

Floyd Dickerson
Safety Coordinator
Bonfils Blood Center
